

For Parents: Getting Started with Biblionasion

Once you've confirmed your account and logged in with your username and password, follow these steps to get started.

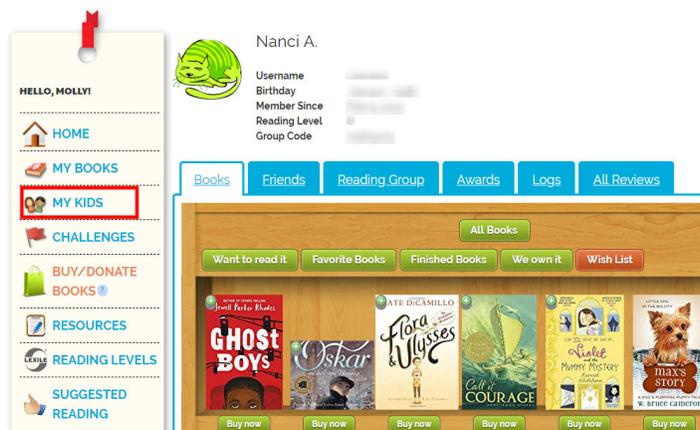

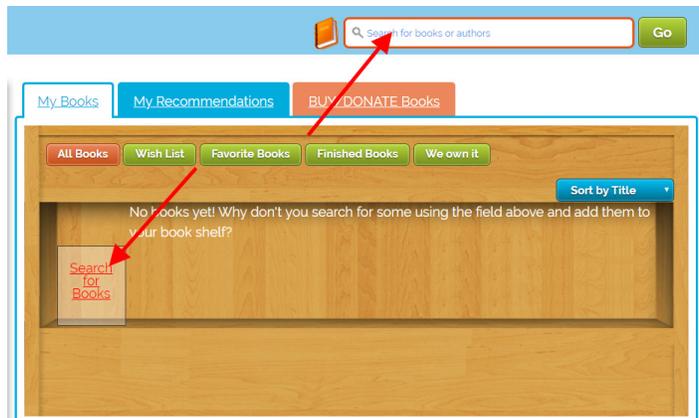

Step 1: Add Books to Your Own Personal Bookshelf

- Click on **Search for Books** from your bookshelf or use the **Search Bar** at the top of the page.
- Type in a title, author or keyword to find your favorite books.

Step 2: Tag Books to Organize Your Shelves

- When you add a book, you'll be prompted to select a **tag**: "I have read it," "It's a favorite," or "We own this book."
- Tags assign books to corresponding **shelves** in your bookshelf.

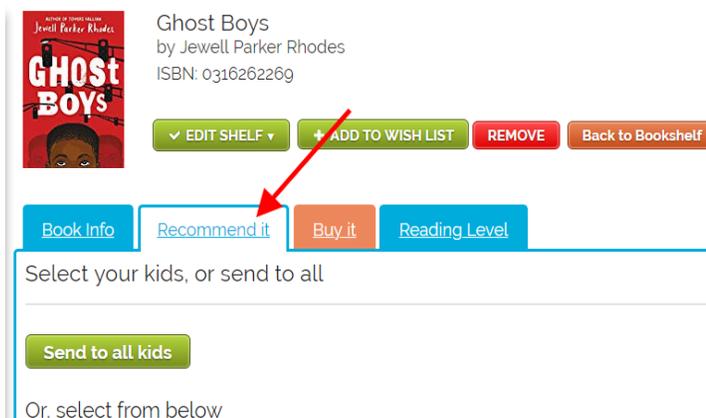

Step 3: Check Out Your Child's Reading Activity

- Go to **My Kids** on the side panel to view your child's profile.
- You can **monitor** their bookshelf, logs, reviews and more from this screen. **Please note:** You cannot log books for your child from the parent profile. Books must be logged on your child's account.

Step 4: Send Book Recommendations

- After selecting a title, click on the **Recommendation Tab**.
- Send a recommendation to one or more of your children and let them know how much you think they'll enjoy the book.

2 Offer a reward

- Favorite dinner cooked at home
- 1 minute of "screen time" for every 2 minutes of reading time
- 15 minutes of parent reading aloud time
- A free pass on chores for the week
- Family dinner at kid's favorite restaurant
- Enter your own

3 Name the challenge

(give it a fun name eg. Sports heroes, Fun Fiction ...)

Step 5: Set Up a Reading Challenge

- Our **Challenges** feature allows you to incentivize your child's reading.
- You can create a challenge based on genre, number of minutes, number of pages, your choice of books, or books you choose from a larger list.

Step 6: Visit Your Child's Wish List to Get Ideas

- When your child tags a book as "want to read," the book will appear on their **Wish List**.
- You can check out the book's info, **add** it to your own bookshelf and/or wish list and even buy the book directly.
