Read these two book reviews for the book "Diary of a Wimpy Kid."

Review 1

This book is funny. I liked it. The drawings are cool.

Review 2

This series is one of my favorites because of how hilariously the experiences of Greg, his neighbors, and his family were written. I couldn't stop laughing! Anyone who wants a good laugh should read this book.

Which book review did a better job of making you want to read the book, Review 1 or Review 2? Why?
