Review 1

Harry Potter is an orphan who doesn't know he is a wizard. When he finds out he is a wizard, crazy things happen. Read it to find out.

Review 2

Harry Potter lives with his horrible aunt, uncle, and cousin. He is a wizard, but he doesn't know it. One day a letter arrives that changes his life. This book is full of magic and suspense. I couldn't put it down and thought about it for days afterward.
