Read these two book reviews for the book "Pete the Cat and His Four Groovy Buttons."

Review 1

Pete was a cat. He had four buttons on his shirt. They popped off. It was a nice book.

Review 2

I loved this book about Pete the Cat! There was a cool song that went with it. The sounds when his buttons popped off were so funny. I laughed and laughed!

Which book review did a better job of making you want to read the book, Review 1 or Review 2? Why?
